

TENT RENTAL COMPANIES

The following companies provide tent rental services to Haystack Hearth and have completed at least a portion of the required utility locates on the property. They have a variety of pricing structures, styles and availability. You will contract directly with them for your tent. All provide additional rental items as well.

Events of more than 60 guests are required to have a tent on reserve in case of inclement weather. You may cancel your reservation if the weather looks great, however, be sure to inquire whether there is a cancellation fee.

You may select another rental company; however, you must ensure that they make an appointment with us at least two months prior to your event to visit the site and do a utility locate (at their expense). We will also need a copy of their insurance policy, naming Haystack Hearth, on file.
